

THOUSANDS SEE HIM

Rough Rider Roosevelt Given a Grand Ovation

BY PATRIOTIC WICHITA

His Speech Greeted With Cheers From Everybody.

The special Santa Fe train bearing Governor Theodore Roosevelt, governor of New York, Rough Rider and vice presidential candidate for the Republican party, and party, steamed into Wichita at 8:00 o'clock yesterday afternoon, amid one of the largest demonstrations that was ever given a public man. A conservative estimate is that fully 5,000 people were at the depot to meet the gallant Teddy. Some estimated as high as 7,000 and 8,000. His stay in the city was of fifteen minutes duration, during which time he made a speech which was more of a patriotic nature than anything else. The train arrived at Oklahoma City last night, where he went to deliver a pledge given to the Rough Riders.

The special was due here at 8:00, but was delayed thirty minutes enroute. Long before that hour arrived, however, the railroad yards began to fill up with people who wished to get a glimpse at the popular hero of San Juan Hill. Shortly before 5 o'clock a parade, with Stanford's Commercial band in the lead, formed on North Main street and proceeded to the depot. Quite a lengthy procession of ex-Union soldiers of the civil war, headed by the band and that sturdy banner that knows no defeat, marched down Douglas

GOVERNOR THEODORE ROOSEVELT.

laa avenue to receive Governor Roosevelt.

It was arranged to have the train stop at the north end of the freight depot, and the dense crowd congregated as near that point as possible. The platform in front of the Wichita Wholesale Grocery company's building was one mass of humanity. The windows to the mill and the Santa Fe office were filled with people; the hot cars were lined and a dozen rows of heads were crowded on top of buildings adjacent to the railroad yards. Boys climbed telegraph poles, and looking from the rear of the train the yards were a solid block of people. Little boys were completely lost among the throng. The newsmen were on hand, fruit peddlers were in evidence, but the crowd wanted nothing to eat. Their sole aim was a desire to see the hero of San Juan Hill. The Salvation Army ladies laid aside their Divine teachings for a short time to aid in the ovation and they were present with War Cries in hand.

The demonstrations were very appropriately designed. The Santa Fe office was draped with red, white and blue streamers as was also the grocery company and Jett & Wood's building. A line of flags were stretched clear across the yards where the train stopped. Timmed with Old Glory the word "Welcome" was suspended at the rear of the platform, under which was Governor Roosevelt's picture.

The crowd was so enthusiastic that the long wait refused to the time and this was the first time in the history of the city that there were women in uniform on the scene. Some had babies in their arms, and so eager were they to see the vice presidential candidate that they followed their way through the crowd to get as near to the shopping point as possible.

When the engine whistled, everybody craned their necks and somebody shouted: "Here he comes!" Then there was a continuous noise from 5,000 voices. A squad of policemen cleared the track and the train approached the depot at a slow rate of speed.

When the special stopped everybody made a wild rush for the end of the rear platform, where stood Colonel Roosevelt. Lady, 7 and 15 years old, climbed on the train, but no attempt was made to remove them.

Mayor Finley Ross and John Davis who were delegated to meet the governor and party enroute, went to Newton in the morning and came in on the special. When the train stopped there were loud cheers and for fully a minute the noise was deafening. The band struck up a march, and the battery of light artillery, an 8th battery of light artillery.

which had pulled up near the tracks, sent forth its terrific roar and kept it up during the governor's remarks. After the special came to a standstill, Mayor Ross lost no time in ushering the Rough Rider to the platform. He was introduced by Mayor Ross as "Teddy Roosevelt, governor of New York, Rough Rider hero and the next vice president of the United States."

The colonel stood erect and looked over the multitude of people that had stood in the broiling hot sun for so long to see him. He wore a Rough Rider's hat and was in fatigues, as the trip was a hard strain on him. As he looked around and saw so many happy faces before him a broad smile overspread his countenance, and he began:

"Fellow-Citizens—I do not feel out of place among you in Kansas, because it was the Kansas delegation who first put me up for vice president. While I am a New Yorker, I am a Kansas man by adoption. I have a right to come into Kansas because I am a good American. I am proud of Kansas for the part he took in the hot Philippine Islands to right the name of the state and nation, as their fathers who wear the buttons did during the late civil war. The Twentieth Kansas was a sample of the Kansas products. The Twentieth Kansas surprised nobody when they won the many victories in the Philippines. They did well because they had to do with the seed that was behind them. The men who went through the civil war fought hard to sustain the union and the honor of the flag. We didn't fight much. We didn't have to. But what we did do was to let the world know that we were the best. About all we had to do as compared with the veterans of the civil war was police duty (laughter)."

"You have all read the news that the Oregon was around and you are watching the news carefully to see that it will come to all right. Just as you watched her during the Spanish-American war, when she came from the Pacific waters around Cape Horn to join the North Atlantic squadron and block Cervera's fleet, and when she turned her guns on the Span's strongest fleet vanished under the water."

NORMAL IN SESSION

County Teachers Hold Opening Exercises in Academy.

MANY ARE IN ATTENDANCE

Classes Organized for Usual Work in Regular Branches.

The Sedgwick county teachers' normal institute held its first session yesterday morning in the Lewis Academy. This is the twenty-sixth annual gathering of the teachers for normal work and the assembly room at 8:30 was well filled. Teachers from all over the county were in attendance and it is expected that the enrollment will reach over 200 before the session closes.

All of the classes were in regular sessions yesterday with the exception of the first hour in the morning. There seems to be more enthusiasm than usual among the teachers and this means that much for this year as J. W. Colville, Prof. J. M. Naylor of the Lewis academy, President E. Stanley of Friends university, Prof. E. P. Hulse of Fairmount college, Prof. J. O. Temple, principal of the Colwich schools and Prof. C. F. Adams of the Wichita business college. The regular work of the normal will begin each day promptly at 7:30 and will end at 12. There will probably be some special classes in the afternoon for work in branches other than those taken up in the regular sessions.

The work in school management, which has always been given in special classes, will be brought out in the two psychology classes under Prof. Naylor and President Stanley.

It has been decided that there will be no session of the normal July 4, but that work will continue on the day after, and continue until Saturday noon. This arrangement will give a six days' session, this week. To even things up, there will be no session of the normal on next Monday. It is expected that there will be a number of lectures during the normal. State Superintendent Frank Nelson will probably make an address to the teachers some time during the session.

Superintendent J. V. Colville is very enthusiastic over the prospects for a successful normal and has said that the enrollment of yesterday was a splendid showing for the first day's session.

The examination for certificates will be held on Monday and Tuesday, July 30 and 31. The two days given for the examination is a great convenience to the teachers as it does not compel them to rush through their work as in former examinations. Many more out of town teachers will probably enroll today. Those who have already enrolled are as follows:

Nello Kent, Garden Plain; Sarah Glasscock, Garden Plain; Will Brown, Colwich; Minnie, Freedland; city; H. G. Howard, Clearwater; C. M. Effer, city; Alice Palmer, Derby; Cora B. Alexander, city; Hattie Randall, city; Susie Paul, Valley Center; Mary Lyman, Goodard; Bernice Engel, Goodard; Stella Furnish, city; May De Selva, Callie Rice, Emma M. Frederick, Clyde Hubert, Julia Craven, city; H. D. Burchell, Clearwater; Lillian Gish, city; Arthur Hamilton, Derby; George T. Julian, Minnehah; Mary Cantley, Derby; Bulah Greter, Elsie M. Stanley, Ella L. Brown, Maize; Roscoe Klein, Anna Lawson, Colwich; Minnie L. Porter, Viola Verna Cain, Colwich; Gertrude Yass, Fairbury; Emma Walters, city; Barbara M. Parker, Clearwater; Florence Culver, city.

Buchanan, Mich., May 22.
Genesee Pure Food Co., Le Roy, N. Y.:
Gentlemen—My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your "GRAIN-O," she finds that takes the place of coffee, and she finds it much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package of Grain-O every week. I am ten years old. Yours respectfully,
FANNIE WILLIAMS

You can't wear a frock coat this kind of weather and be comfortable unless you are a "freak" or a 33d degree member of the "Never-Sweat Club."

But if you do wear one don't go out (unless your house is on fire) without a vest, and remember, negligee shirts "don't go" with frock coats. The sensible coat to wear today, tomorrow and every hot day is a Skeleton Serge. We sell 'em for \$2.50 the coat. Finer grades, but no cooler, \$3.50, \$4 and \$5.
